The Six P's: Artifact Investigation

Problem: What is this object? What does it tell us about the people who used it?

Place: What is it made of? How was it made? Which of the materials were available in Virginia?

Purpose: How was this object used? Is it useful or ornamental?

People: Who used this object? Did everyone have one?

Perspective: Is this something that is used today or in the past? Why would this object be important to the people that used it?

Proof: Record your solution to the problem in the first box. What primary sources support your ideas? Be prepared to defend your statements.
